ELIGIBILITY AND TEST REQUIREMENTS

The ERFSC Compete USA Competition will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the [current rulebook](#), as well as any pertinent updates that have been posted on the U.S. Figure Skating [website](#).

This competition is open to all eligible, restricted, reinstated, or readmitted persons as defined by the Eligibility Rules, and who are currently registered member of a U.S. Figure Skating member club, a collegiate club or who is an individual member in accordance with the current rulebook. Please refer to the current rulebook for non-U.S. citizens. Except where rules herein specifically differ, USFS rules, as set forth in the 2022-2023 Official Rulebook, will preside

Eligibility will be based on skill level as of closing date of entries. **All Snowplow Sam and Basic 1-6 skaters** must skate at highest level passed or one level higher and NO official U.S. Figure Skating tests may have been passed, including Moves in the Field or individual dances.

For the **Pre-Free Skate – Free Skate 2, Excel, and Well-Balanced levels** eligibility will be based only upon highest free skate test level passed. Moves in the Field test level will not determine skater's competitive level. Skaters may skate at highest level passed OR one level higher, but not both levels in the same event during the same competition. Skaters may not compete at more than one level in the same type event at the same competition.

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee (LOC) discovers that a skater has been placed in a category that is below his/her class level, the chair and referee will have the option to move the skater into the proper division, even if it is the day of the competition. This will ensure that every event is as fair as possible to the competitors. It is an ethical violation for coaches to sandbag an event.

ELIGIBILITY RULES FOR COACHES/INSTRUCTORS

When hosting a Compete USA competition, it is important that you verify the compliance of each coach/instructor who plans to coach on-site at the event. You can verify the status of coaches/instructors by checking the lists on www.usfigureskating.org by going to the Coaches page and clicking on the Information for Clubs. For Learn to Skate USA instructor verification, log in to the Management System, then Program Admin, Program Management and Instructor Compliance.

To be credentialed at a Compete USA event, coaches/instructors are required to have:

- Learn to Skate USA Instructor membership OR U.S. Figure Skating full membership
- SafeSport training completed (for coaches/instructors 18 years old and older)
- Background check successfully passed (for coaches/instructors 18 years old and over)
- Learn to Skate USA Instructor Certification completed OR U.S. Figure Skating compliant coach (for coaches under 18 years old)

*SafeSport training is available through www.usfsaonline.org for full members of U.S. Figure Skating and through Learn to Skate USA portal for instructors. There is no cost to this training.

If a coach/instructor attempts to work at your event without the proper credentials, he or she is in violation of U.S. Figure Skating ethics and code of conduct rules and, as such, is subject to disciplinary action.

All officials and adult volunteers attending Compete USA events must also be SafeSport compliant.

COVID GUIDELINES

As of March 15, 2022, and consistent with updated CDC guidance on mask use, face coverings are no longer required to be worn indoors at U.S. Figure Skating-sanctioned events or activity if your community levels are Low or Medium. We do encourage masks to be worn indoors if your community is in the High level. We will follow current state and local recommendations at the time of competition.

Competitive Progression Through the Levels of U.S. Figure Skating

Singles athletes begin with the Compete USA competitions. Once athletes begin the official U.S. Figure Skating test structure, they can choose to enter the Excel, Well-Balanced or Adult levels as appropriate for their ability, test, level and age. Test requirements are the same for the Excel and Well-Balanced levels. It is completely the choice of the athlete which track to follow; athletes may switch between tracks as best suits their development, but may not enter the same type of event in multiple tracks. Competitive level is determined by highest free skate test passed.

Showcase Events

Showcase events are open to skaters in the Basic, Free Skate, limited beginner, preliminary and adult bronze levels. Groups will be divided by number of entries and ages if possible. Skaters with physical disabilities may register for standard track or Skate United track. Skaters with intellectual disabilities may register for Special Olympics events. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher.

Show costumes are permitted if they do not touch or drag on the ice. Costuming and make up for showcase programs should enhance the feeling created by the performance and reflect the meaning of the story or theme. Ornaments and hair accessories must be secure. No bobby pins, feathers, hair accessories or anything else that may fall to the ice and be hazardous to the skaters are allowed. (a 0.1 deduction will be taken). Props and scenery must be placed and removed by unaided singles and duet competitors within one minute on and off and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.1 deduction will be assessed by the referee against each judge's mark for every 10 seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious loss of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice. The 6.0 judging system will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

** For specific guidelines regarding the conduct of showcase competitions, refer to the nonqualifying showcase guidelines posted on usfigureskating.org.*

Theatre On Ice

Theatre On Ice events may be offered at Compete USA competitions for all levels. Compete USA programs are choreographic exercises intended to introduce skaters to choreographic processes, themes and movements, as well as to begin to develop a movement vocabulary that skaters can utilize throughout their skating career.

While intended to model a traditional choreographic exercise, skaters are not required to wear black; teams may wear any color, as long as the team is uniform and matching.

Detailed information, including requirements, program lengths and elements, is available on the Theatre On Ice web page at usfigureskating.org/skate/skating-opportunities/theatreonice. For additional information, refer to the current Theatre On Ice Guidelines.
